Since few years of our inception, we have witnessed a huge demand for consulting assignments which is encouraging for us towards growth and sustainability of QHSE as an on-going organization.

We enjoy the trust and confidence shared with each of our client(s) through our team(s) commitment and on time delivery of services as demanded.

Each member of our management consulting team have demonstrated their dedication and seriousness towards each assignment assigned to them by taking accountability and complete ownership.

Each one of our consulting team member(s) have fair knowledge and expertise in their own domain areas in context to ISO standard(s) who ensure that every client(s) must be benefitted by their knowledge and industries best practices which may ensure the growth and achieve their client’s business objectives.

The approach of our consultants' follows the main philosophy of our business is

S U S T A I N A B L E  
G R O W T H

R E N T - A - C O N S U L T A N T

Quite often the best option when any organization want to hire domain experts on temporary basis or have some budgetary constraint, that time outsourcing or renting a consultant is best possible option(s) available. QHSE provides Rent-a-consultant option to the prospective client(s) to get their job done at a reasonable cost, thus taking the ownership of the task.

This business decision had helped industry leaders and decision makers to save lot of cost, thus without compromising on quality of the service(s) demanded as and when required. Our consultants have rich experience and carry out consulting activities in proficient ways. We are committed and focused to provide the best-in-class services to your organization.

Why outsource your business functions to QHSE?

1. It's challenging to get a qualified, independent services provider who can offer services locally and globally
2. Outsourcing can potentially save from 20% to 35% in costs. Much of that savings comes from leveraging scale and global capabilities.
3. We gave flexible access to our limited resources with the right expertise, when you need it most
4. Eliminating fixed costs associated with staffing, audit training and recruiting costs
5. Obtaining a fresh perspective, an added level of scrutiny and quality of insight to achieve internal control objectives
